## COMBAT ATTACKS

BASIC MELEE ATTACK: Attack +5 vs AC; Hit 6d6-2:

BASIC MISSILE ATTACK: Ranged Attack +9 vs AC; 6d4+6

SPELL ATTACK: Attack +11

## ONE UNIQUE THING

A gladiator travelling to increase power.

## RACIAL POWER AND ABILITIES

SURPRISING: Once per battle, subtract one from the natural result of one of own d20 rolls.

## CLASS FEATURES

ACCESS TO WIZARDRY: Starting at 3<sup>rd</sup> level, you can take a wizard spell in place of a sorcerer spell that is 2 levels higher than it.

BREATH WEAPON: When you cast a spell with a breath weapon key word, there is a chance of re-using it during the same battle (usually 16+). Make the re-use roll at the start of each of your turns: success indicates that you can use that spell again that round as a standard action

CHAIN : When you attack with a chain spell and get a natural even roll, you can roll another attack against a different enemy within range. Keep on rolling attacks as long as you get even rolls and don't run out of new targets.

DANCING LIGHTS: You gain dancing lights as a spell.

GATHER POWER: Once initiative has been rolled a battle is underway, a sorcerer can spend a standard action to gather magical power, preparing themselves for casting a double strength spell with their next standard action. They also gain a Chaotic Benefit:

### Chaotic Benefit, Champion Tier

**1-2:** You gain a +1 bonus to AC and PD until the start of your next turn.

**3-4:** Deal damage equal to your level + Charisma to all nearby staggered enemies.

**5-6:** Deal damage equal to your level + Charisma to one nearby enemy.

RANDOM ENERGY: If a spell calls for a random energy type roll on the following table

### Random Energy Type (d4)

**1:** Cold

**2:** Fire

**3:** Lightning

**4:** Thunder

## TALENTS

**ARCANE HERITAGE (ARCHMAGE):** You gain a +2 bonus to a background that invokes or suggests magical knowledge or talent, up to your normal maximum background point limit.

You can also use one of your sorcerer spell choices to choose any wizard spell of the same level.

**SORCERER'S FAMILIAR:** You have a familiar much like a wizard's familiar, but more changeable. Unlike a wizard you don't choose two abilities for your familiar. Instead you choose one permanent ability that suits your familiar's nature; the only limitation is that you can't choose tough as the permanent ability. Each time you get a full heal-up, randomly determine the two other abilities.

### Permanent Ability - Flight

- 1 Agile** You gain a +2 bonus to Dexterity skill checks
- 2 Alert** You gain a +2 bonus to Wisdom skill checks
- 3 Counter-bite** Each battle, if your familiar is close to you, it bites the first enemy that hits you with a melee attack after that attack, dealing 1d4 damage per level (no attack roll) to that enemy.
- 4 Mimic** One battle per day, you gain the use of the racial power (without feats) of one nearby ally.
- 5 Poisonous** Once per battle, when you hit an enemy engaged with you, you can add 5 ongoing damage per tier to the damage roll)
- 6 Scout** Once per day, your familiar can separate itself from you and make a reconnaissance run of an area or location, and it may even manage that feat unseen (easy skill check).
- 7 Tough** You gain a +1 save bonus.
- 8 Talkative** Your familiar can talk like a person.

**SPELL FIST:** Your style of sorcery emphasizes close-range fighting.

You gain +2 bonus to AC – fields of shimmering magic.

You can use ranged spells while engaged with enemies without taking opportunity attacks.

You use your Constitution modifier to determine the damage you add to sorcerer spells.

## FEATS

**GATHER POWER (ADV):** Once per battle, you can choose the chaotic benefit you want instead of rolling for it.

**GATHER POWER (CHP):** Once per battle when the escalation die is 4+, you can gather power as a quick action.

**ARCANE HERITAGE (ADV):** Use your Charisma as the attack ability for the wizard spell you choose with this talent.

**ARCANE HERITAGE (CHP):** You can cast your wizard spells empowered as if they were sorcerer powers

**SPELL FIST (ADV):** When you miss with a sorcerer spell against an enemy you are engaged with add your Charisma modifier to damage.

**LIGHTNING FORK (ADV):** Once per battle, you can reroll one of your *lightning fork* attack rolls

## ICON RELATIONSHIPS

The Emperor (Positive 2 die)

The Archmage (Positive 1 die)

## SKILLS

Spell-arena Gladiator +5

Shadow Port City Guard +5

## NOTES

**EQUIPMENT:** staff, wand, backpack, leather armor of iron will +1, etc

**CHAMPION +2 - *Wand of Unerring Pain***

(Recharge 16+): When you miss with a spell that targets a single enemy, as a quick action immediately afterward, fire a magical missile that automatically hits that creature for 4d10 force damage. Quirk: Stares intently, often at nothing.

### CHAMPION - *Cloak of Recovery*

(quick action – recharge 16+): You heal using a recovery and add +10 hp to the total. Quirk: You grow small extra appendages that slowly wither away over days or weeks.

### CHAMPION - *Ring of Poor Choices*

(quick action - recharge 11+): This ring allows you to subtly influence the choices made by your enemies. When you use it, make a Charisma + Level attack vs. MD against one nearby enemy. If you hit, you may suggest a poor choice for the target's next action. The course of action you suggest must be relatively reasonable – stabbing an ally for no reason is a terrible decision, not a poor one. You could, however, suggest that the enemy engage the raging barbarian instead of the unarmoured and wounded wizard, or that the city guard chasing you try climbing the outside of the building instead of following you up the stairs. The GM has final say over the victim's actions – this ring lets you influence people, not mind-control them. Quirk: Self-deluded and blind to own faults.
